

Pilot Pathway Announcement

Feb 27, 2018

Mitchinson Flight Centre and Transwest Air are excited to announce they have entered into an agreement for the preferential hiring of Mitchinson Commercial Pilot graduates. This agreement will give Commercial Pilot graduates a clear pathway to their next job and provides Transwest Air quality trained, locally sourced pilots in a challenging time for pilot recruitment.

“This is another great opportunity for our Commercial Pilot graduates to immediately find employment in their chosen field.” stated Dan Glass, President of Mitchinson Flight Centre. “The growing pilot shortage has presented challenges for air operators to attract pilots and this agreement will help our graduates get that important first job.”

“We’ve had a long standing relationship with Mitchinson and have hired many pilots from there over the years. This agreement now formalizes what we’ve been doing for decades - recruiting locally trained, well qualified pilots” said Kevin Barnett, Chief Pilot, Transwest Air.
